## PLEASANT VALLEY SCHOOL REUNION HELD YESTERDAY

(Continued from Page One)

New England States were sung by A. P. Harr.

The rejuvenation of the spelling class of fifty years ago, with Oliver Shurtliff as teacher constituted the next part of the program. The class was composed of Mr. and Mrs. I. A. Barnes, Mrs. N. Chesney, A. P. Harr, J. D. Radford, G. L. Hall and W. W. Carpenter. At the conclusion of the spelling contest a committee consisting of Mrs. W. A. Zinn, Mrs. Glenn Springer and Miss Bernice Carpenter was appointed to arrange for a second reunion to be held in the coming year. A motion was then adopted challenging other schools in the county to produce a larger list of former pupils who have entered the teaching profession.

The following list includes the names of former pupils of the Pleasant Valley School who have become public school teachers:

Thomas Swearingen, John McAllister, Samuel J. Linn, Irene Wilson, Priscilla Courtney, Rufus E. Harr, Harvey Wayne Harr, H. Clay Hammond, Harry T. Harr, Charles L. Barnes, Sylvester Satterfield, Charles W. Miller, Curtis Miller, James R. Linn, Mont Miller, Marguerite Stanley, Benjamin L. Wiley, Reese, Virginia Wilson, John M. Harr, Jacob Harr, A. P. Harr, Delia M. Harr, Chesney, I. A. Barnes, W. W. Carpenter, Henry L. Miller, J. B. Miller, Jr., Harry G. Linn, Bernice Carpenter, Marjorie Stanley, Mary Stanley, Oliver Shurtliff.

Other distinguished pupils include Thomas Fitzgerald, general manager, B. & O. Railroad, and William J. Lavelle, political writer.

History of School  
The public school at Pleasant Valley was organized in 1864. Before the state of West Virginia was organized and the free school system adopted, the people of the community had maintained a subscription, or pay school. When the free schools were provided, everything was ready to organize a free school, and this community had one of the first free schools in the state.

Miss Emma Griffith of Smithfield, Pa., was secured as the teacher, and the school was organized in the brick church, owned jointly by the M. E. and M. P. Churches. There were no desks, and the pupils sat on the benches used for the church services. Two or three wide planks were hinged to the under part of the windows and used for writing desks, and the pupils took turns in going to the writing desks. There were between seventy-five and one hundred pupils enrolled, ranging in age from 6 to 20 years. The school district extended as far as any one cared to come, including Colfax, Benton's Ferry, Harrowton, and even beyond the river in Grant District.

After the war was over many young men who had been in the army attended the school taught by Prof. William Gray in 1886. Several of these "soldier boys" became teachers.

The new schoolhouse was built in 1872 at a cost of \$785. The building was destroyed by fire, and the building is still in use and may serve for several years yet.

UTAH SENATOR TO BE NEW JUSTICE  
WASHINGTON, Sept. 4.—The resignation of Associate Justice Clark has been received by President Harding. It was announced today at the White House.

The President, it was stated, will accept the resignation and intends to nominate former U. S. Senator George H. Sutherland of Utah, to take Mr. Clark's place on the Supreme Court bench.

Justice Clark mailed his resignation to the White House from his home in Youngstown, Ohio. It will become effective September 18, when the assistant justice will reach the age of 65 years.

Mr. Clark gave as his reason for wishing to be relieved of his duties that retirement at 65 years would conform with his "psychology of life."

The letter of resignation sent by Justice Clark read:

"I shall be 65 years old on the 18th day of this month. For a long time I have promised what I think is my better half, that at that age I would free myself as much as possible from imperative duties to the end that I may have time, to read many books which I have not had time to crowd into a busy life, to travel, and to serve my neighbors in ways in which I cannot serve them while holding the office."

"This is the beginning of which I hope may at least be a partial realization of this philosophy of my later life. I hereby resign this office effective September 18, 1922, which I have held during the past six years. With grateful appreciation, my dear Mr. President, of the many courtesies you have shown me through many years, I am,

"Sincerely yours,"

(Signed) "JOHN H. CLARK,"

Former Senator Sutherland was born in Buckinghamshire, England, March 25, 1862. He received an early academic education in Utah schools and was a law student at the University of Michigan in 1882-3. The degree of doctor of laws was conferred upon him by Columbia University of Michigan and George Washington University.

Mr. Sutherland's public life began with a term in the State Senate in Utah in 1896. United States senator from Utah for two terms, President of the American Bar Association 1916-1917, a member of the advisory committee of the United States delegation to the international conference on limitation of arms, Senator Sutherland is said to have had a prominent part in working out the details of the "5-5-3" naval treaty which fixed the relative standing of the navies for fifteen years.

At Farmington  
United Mine Workers of America from mines 8 and 9, Farmington, Downs, Ida May and other points are attending a celebration at Farmington today. There are a number of local speakers.

Cloudy Weather  
Whether the program will be carried out at the various celebrations scheduled today is a matter of conjecture. Early this morning a dense fog broke over Marion County, which was followed by rain shortly after 9 o'clock.

Several special trolleys cars on the Monongahela power & Railway lines carried members of the United Mine Workers of America and their families to the celebration at Monongah and Clarksburg.

Most of these miners came from the mining towns north and west of the city, including Rivesville, Grant Town and other places. Many of the ladies in the party were gayly dressed for the occasion.

Because of several of the chief speakers being unable to attend it was necessary to make a shift with the result that the last minute arrangements are subject to change also.

The new management has spared no expense in bringing this bill to the city, and it is thought that it will please the most critical critic. The acts are of the highest character offered by the Keith people.

Besides the vaudeville acts, there is a splendid moving picture. The picture will feature Betty Compson, playing "The End of the World."

to the coming meetings. "How wonderful it is to be living this morning," was Mr. Barnes first remark to his audience. "To be living in the best country in the world, in the most wonderful age in the history of the world, and under the most favorable conditions of any people on the face of the earth."

"How unfortunate we are to be engaged in this most important and glorious work in which we are engaged as men and women who are laborers with God," continued Mr. Barnes. "Think what an honor it is to be blessed with the Man of Galilee, who was a teacher come from God. Our work is to hold aloft the torch of truth that the light of knowledge and wisdom may shine upon the pathway of boys and girls, guiding them in the way of efficient and useful service for mankind; to touch them with that mysterious power of our personality, that we may inspire them to the greatest efforts in the development of character and efficiency."

Mr. Barnes introduced Mr. Bailey, who asked the assembly to stand and sing "The West Virginia Hymn" in unison after which A. W. Davis, president of the national association of local preachers of the Methodist Episcopal Church, who conducted the devotional exercises, was presented.

Predictions are that it will be one of the most bitter contests elections in the history of Texas.
